

STAP Demonstrations

In preparation for a new and updated Sidewalk and Transit Amenities Program (STAP), StreetsLA will give the general public the opportunity to see and give feedback on proposed new bus shelters and technology features.

We are hosting public demonstrations from the top two potential contractors from July 19 to July 30. Please join us at one of these demonstrations and give us your feedback on what features you would like to see! We will be using this feedback to negotiate with the winning contractor on the features to incorporate into the next generation of bus shelters so that the City of Los Angeles has shelters that are customized and designed to the needs of Angelinos.

STAP DEMONSTRATION SCHEDULE (From Noon to 10:00 PM Everyday)

July 19-20- North Hollywood Red Line Station (on Lankershim)

July 21-22- City Hall on Main Street

July 23-24- West Valley – 19040 Vanowen Street, Reseda

July 25-26- West Los Angeles – 1645 Corinth Avenue, West LA

July 27-28- South LA – 8475 South Vermont Avenue

July 29-30- San Pedro – 638 South Beacon Street
